<sup>1</sup>Section 2.B of the "Settlement Agreement Between the City of Chattanooga and Tennessee-American Water Company" provides, "TAWC and the City will file a joint petition with the Tennessee Regulatory Authority ("TRA") seeking permission to reduce over a two-year period the current charge of \$301.00 a year per fire hydrant to \$50 a year per fire hydrant at the end of that period. If the TRA does not approve this provision, then this section is null and void." A copy of the Agreement is attached to TAWC's original filing.
